## APPLICATION FOR NON FCI / AKC AWMA SCOREBOOK

and **AWMA WORKING PRIVILEGE LISTING ("WPL")**

The AWMA Working Privilege Listing ("WPL") addresses dogs which may not have FCI / AKC registration due to papers being withheld by the breeder, lost by the owner, or instances where a dog may have been surrendered, abandoned or rescued from a shelter. The AWMA respects the many contributions of working unregistered Malinois and wishes to recognize and list such dogs as Belgian Malinois. Dog eligibility is contingent upon review of this application and included materials. If approved, the scorebook will list the breed of dog as Belgian Malinois, together with a designation of either AWMA WPL, UKC, UKC LP, or AKC ILP.

Please follow all instructions, as incorrect or incomplete application packages will result in processing delays.

### Choose one of two options:

Proof of alternate registration limited to UKC, UKC Limited Privilege, or AKC Indefinite Listing Privilege.

OR

Photo review application (page 2 of this application) with 2 photographs, frontal face view and full body profile.

### ALL applications MUST include:

- Permanent identification via tattoo or microchip.
- AWMA member number and copy of member card or email confirmation from Membership Chair.
- \$15.00 non-refundable application fee made payable to AWMA (additional \$15.00 for expedited processing).
- Send scorebook (AWMA only) if you are requesting an AWMA WPL for a dog previously identified as a Mix.

Dogs given the listing of Belgian Malinois in AWMA issued scorebooks containing the above-described designations will not be eligible for events requiring FCI / AKC registration and will have a notation that they are not registered as such in their scorebook. Please allow 2 weeks processing time upon receipt of your properly completed application. Applications requiring AWMA WPL photograph approvals may incur additional processing time.
