

2023 AWMA Secretary Report

Since the last general board meeting, 3 new clubs were formed and voted in as full member clubs. AWMA currently consists of 31 full member and 2 affiliate member clubs, for a total of 33 clubs between the 3 regions . Its a drop by 1 club from last year, however, we have 1 club more with full member status than last year! 2023 had 16 trials held with 6 more trials are approved through the end of the year for a total of 22 trials, including the South Regionals. That is 3 more trials than last year! There was 6 events held and one more training event planned for December 16th this year, making it the same number as last year.

In addition, we already have the South regionals approved and in the works for February 23, 2024 co-hosted by DFW and Wheat State WD.

Our member clubs participation is continuously growing in the right direction, there was only 4 waivers granted this year vs 5 in 2022!

Our Nationals was a success hosted by Controlled Chaos, a new AWMA club!

Our AWMA team went to FMBB in Romania.

We haven't received a single BOI for 2 years in a row now.

It's been a busy and productive year for the members and our Executive board has worked together well! The executive board discussed and approved the AWMA Helper Program proposed by Diamond Hansel and Randall Hoadley.
